

RECEIVE INFO ON NEIGHBORHOOD DRAINAGE SOLUTIONS

Laveen Area Drainage Master Plan Update

The Flood Control District of Maricopa County in partnership with the City of Phoenix is conducting the Laveen Area Drainage Master Study/Plan Update. The purpose of this study is to identify flooding problems in the area, and if needed, update the previous drainage master plan and propose any new drainage solutions for the area.

In May 2017, public meetings were held to present the study results and potential drainage solutions to address the identified flooding in the area.

Receive Information on Drainage Solutions.

Please attend one of two upcoming public meetings, where you will learn about the final recommended drainage plan for the area.

Map not to scale.

Public Meetings: 6-7:30PM

Brief presentation at 6:15PM

Tuesday, October 3

Betty Fairfax High School Cafeteria
8225 South 59th Avenue
Laveen, Arizona 85339
